

DOPAMINE

NEEDS BEHAVING BADLY

MIKHAIL VOLOSHIN

It was supposed to be just another software job. It wasn't supposed to involve dodging bullets, igniting explosions, out-driving hitmen, or bluffing his way through the dens of international crime lords. Danny's big brain has always served him well at a workstation or a soldering bench, but will he be smart enough to survive the engineering challenge of a lifetime?

DOPAMINE

Nerds behaving badly

*A present-day cyberpunk
technothriller novel by*

MIKHAIL VOLOSHIN
